

DUDGEON

SINCE 1947

White "Panelled" Sofa

The custom shape and fabric scheme of this piece worked perfectly for life on a boat, which is where it ended up. We also made a matching 4- seater L-shaped sofa, which made an incredibly smart set of furniture. The special features include wrap-over arms (with no seams) and contrast piped panels in the arm facings and seat front. The seat cushions are extra thick for a luxurious look and sit.
